Experience/Internships

Gauth Math

May 2023 – Present

Mathematics Expert (Part Time)

WFH

- Utilized **strong mathematical skills** to provide assistance to high school and college students. Offered support in various mathematical topics, clarifying concepts, solving problems, and providing guidance. Applied expertise to help students improve their understanding and performance in mathematics. **Solved complex problems, analyzed data, and provided insights based on mathematical principles.** focused on utilizing my mathematical skills and knowledge to contribute to the organization's goals and projects. I have also been involved in designing and implementing mathematical strategies, collaborating with a team of mathematics experts ,and communicating mathematical concepts.

Projects

TinDog-Webpage | HTML, CSS, Bootstrap, Flexbox, Grid, Github

July 2023

- * Redesigned TinDog website using HTML, CSS, Bootstrap, Flexbox, and Grid. Implemented modern design principles to enhance user experience and visual appeal. Deployed the project on GitHub Pages to showcase responsive web design skills and proficiency in version control. A passion-driven project demonstrating creativity and dedication to front-end web development.

My Portfolio | HTML5, Github

June 2023

- * Developed and deployed a personal portfolio project using HTML5 and hosted it on GitHub for online access and showcase.
